[Powerschool Parent Portal](#)

The PowerSchool Parent Portal is available to parents in grades 5-12 as a way to view and access students' grades and attendance throughout the year. To access this information, you will need a PowerSchool account, and to connect that account to the ID and password associated with each of your children. High School students new to PICS and all grade 5 students should receive a letter home early in the year with ID's and passwords to access their account.

If you have not previously set up an account for an older child and do not have your child's ID and password information, please email the office (office@parklandimmanuel.ca).

If you do not currently have an account, but you have your child's ID and Password, you can find instructions to set one up [here](#).

If you already have an account and you need to connect another child with that account, you can find instructions to do so [here](#).

If you previously set up your account and don't know your password, there is a link on the login page to recover forgotten passwords.

If you have any questions, please contact the office.
